

Leadership U Program Overview

Leadership U (LU) is a unique 4-month leadership development and community service program available for Howard County (HoCo) high school juniors that fosters leadership growth and civic engagement through three pillar areas:

- ❖ **Education on Community Issues**
- ❖ **Student Developed Community Service Projects**
- ❖ **Development of Student's Unique Leadership Skills**

Students tell us they love our program because:

- It builds confidence and strengthens their leadership and problem-solving skills.
- It helps them grow professional networks by meeting community leaders.
- It gives them opportunities to implement group service projects to make a difference in the local community.
- It is a great place to make new friends from all around the county that they would never have met before.

LU graduates often continue their community service through active volunteering, school leadership roles, and advisory board positions such as the HC Commission for Women and Human Rights Commission, #One Howard, Recreation and Parks, HCPSS Advisory Committees, and more.
